Dear Sir:

Submitted herewith is one set (1 sheets, 2 figures) of corrected drawings for filing in the above-identified patent application.

The Examiner objected to the drawings for reasons stated in the Office Action dated October 9, 1997. The Examiner objected to the drawings because it is not distinctively clear what the lines, which are connected to LPF, VGA, IF BPF and FGA, are defining. In response, Applicant submits replacement drawings addressing the Examiner's issues. The enclosed replacement drawings corrects this informality.

Favorable consideration of the enclosed drawings is respectfully requested.

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 06-2380, under Order No. 49581/P006US/09604915.

Dated: September 23, 2008

Respectfully submitted,

By
